## COMMENTARIES THAT CAN BE BORROWED FROM ARCHIVE.ORG

**Explanation** - The following list includes not only commentaries but other Christian works by well known evangelical writers. Most of the resources below are newer works (written after 1970) which previously were available only for purchase in book form or in a Bible computer program. The resources are made freely available by archive.org but have several caveats - (1) they do not allow copy and paste, (2) they can only be checked out for one hour (but can be checked out immediately when your hour expires giving you time to read or take notes on a lengthy section) and (3) they require creating an account which allows you to check out the books free of charge. To set up an account click [archive.org](https://archive.org) and then click the picture of the person in right upper corner and enter email and a password. That's all you have to do. Then you can read these more modern resources free of charge! I have read or used many of these resources but not all of them so ultimately you will need to be a Berean ([Acts 17:11+](#)) as you use them. I have also selected works that are conservative and Biblically sound. If you find one that you think does not meet those criteria please send an email at <https://www.preceptaustin.org/contact>. The resources are listed in alphabetical order by the author's last name and

some include reviews of the particular resource. For hundreds of other commentaries and books that can be borrowed see [Christian Commentaries Online](#).

[The letter of James](#) by Moo, Douglas J - Pillar NT Commentary Series

**[Tim Challies](#) - Douglas Moo – *The Letter of James* (Pillar New Testament Commentary).** Moo's commentary is widely regarded as the best treatment of James and is universally recommended by the commentators on the commentaries. You may recognize his name from the recommendations for Romans where his name also appears. Keith Mathison says it well: "If you can only have one commentary on James, this is the one to have. Highly recommended." Do note that Moo has also written a volume for the Tyndale New Testament Commentary series; if you own this one (which you should) you will have no need for the other.

**[Cyril Barber](#)** - This highly original commentary seeks to make the letter of James clear and applicable to Christians living today. While interacting with the latest views of this portion of God's Word, Moo avoids giving it an academic flavor. He ably bridges the gap between James' 1st century readers and believers today. Insightful.

**[Keith Mathison \(Ligonier\)](#)** - Number 1 rated = Douglas Moo — *The Letter of James* (Pillar New Testament Commentary, 2000). Douglas Moo is one of the top conservative New Testament scholars alive today. He has written one of the best commentaries on Romans, and now one of the best commentaries on James. If you can only have one commentary on James, this is the one to have. Highly recommended. Moo has also contributed the volume on James in the Tyndale New Testament Commentary series, but if you have the Pillar volume, the Tyndale volume is unnecessary.

**James Rosscup** - Moo, Douglas J. *The Letter of James* (Pillar NTC). Grand Rapids: Eerdmans, 2000. Moo in this exegetical study is longer (271 pp.) than his earlier effort in this list. He argues for authorship by James, the Lord's brother (20–22), discusses seven areas of theology (27–43), and argues that in James faith of those

God has freely justified expresses its reality in obeying God (38, etc.), as Paul held in "faith working through love" ([Gal. 5:6](#)). Clear exposition is thought out well, and sometimes Moo grapples with views and problems (not all, cf. "crown," 1:12, and Hodges). In 2:14 he distinctly counters Hodges (123–24), and again at 2:18, 26 (128–29, 143). His detail on 2:14–26 is fairly helpful; he also is diligent with "spirit" in 4:5, and "sick" in 5:14. Among medium-length works, this is one of the best in recent years.

[The letter of James : an introduction and commentary](#) by Moo, Douglas J - Tyndale New Testament Commentary

**James Rosscup** - Moo, Douglas J. The Letter of James: An Introduction and Commentary (Tyndale New Testament Commentary). Downers Grove: IVP, 1985. 191 pp. Eerdmans published the same commentary in 1989. It is a concise, conservative, clear work adept in exegetical details from careful research by a member of the New Testament faculty at Trinity Evangelical Divinity School. It is helpful especially for teachers and preachers. Moo, who did the massive 2-volume work on Romans, also wrote "James" in The Evangelical Commentary on the Bible, ed. W. A. Elwell (Grand Rapids: Baker, 1989).

[Dictionary of Paul and his letters](#) [180 ratings](#) IVP Series

The Dictionary of Paul and His Letters is a one-of-a-kind reference work. Following the format of its highly

successful companion volume, the Dictionary of Jesus and the Gospels, this Dictionary is designed to bring students, teachers, ministers and laypeople abreast of the established conclusions and significant recent developments in Pauline scholarship. No other single reference work presents as much information focused exclusively on Pauline theology, literature, background and scholarship. In a field that recently has undergone significant shifts in perspective, the Dictionary of Paul and His Letters offers a summa of Paul and Pauline studies. In-depth articles focus on individual theological themes (such as law, resurrection and Son of God), broad theological topics (such as Christology, eschatology and the death of Christ), methods of interpretation (such as rhetorical criticism and social-scientific approaches), background topics (such as apocalypticism, Hellenism and Qumran) and various other subjects specifically related to the scholarly study of Pauline theology and literature (such as early catholicism, the center of Paul's theology, and Paul and his interpreters since F. C. Baur). Separate articles are also devoted to each of the Pauline letters to hermeneutics and to preaching Paul today.

[Dictionary of the later New Testament & its developments 71 ratings](#) IVP Series

The third of IVP's critically acclaimed series of dictionaries of the New Testament provides focused study on the often-neglected portions of the New Testament: Acts, Hebrews, the General Epistles, and Revelation. Furthermore, its scope goes beyond the life of the New Testament church to include the work of the apostolic fathers and early Christianity up through the middle of the second century.

[Dictionary of New Testament background 79 ratings](#) IVP Series

In a time when our knowledge of the ancient Mediterranean world has grown by leaps and bounds, this volume sets out for readers the wealth of Jewish and Greco-Roman background that should inform our reading and understanding of the New Testament and early Christianity. The Dictionary of New Testament Background takes full advantage of the flourishing study of the Dead Sea Scrolls and offers individual articles focused on the most important scrolls. In addition, the Dictionary encompasses the fullness of second-temple Jewish writings, whether pseudepigraphic, rabbinic, parables, proverbs, histories or inscriptions. Articles abound on aspects of Jewish life and thought, including family, purity, liturgy and messianism. The full scope of Greco-Roman culture is displayed in articles ranging across language and rhetoric, literacy and book culture, religion and cults, honor and shame, patronage and benefactors, travel and trade, intellectual movements and ideas, and ancient geographical perspectives. No other reference work presents so much in one place for students of the New Testament. Here an entire library of scholarship is made available in summary form.

**James Rosscup** - This dispensationally oriented work is not verse-by-verse, but deals with the exposition on a broader scale, treating blocks of thought within the chapters. Cf. also Arno C. Gaebelin, Gaebelin's Concise Commentary on the Whole Bible (I Volume, Neptune, NJ: Loizeaux, 1985), the Annotated Bible

revised. The author was a popular evangelical Bible teacher of the first part of the century, much like H. A. Ironside in his diligent but broad, practical expositions of Bible books. Gaebelein was premillennial and dispensational, and editor for many years of Our Hope Magazine.

#### **MATTHEW HENRY**

**Spurgeon** - A Christian man wishing for the cream of expository writers could not make a better purchase. Ministers, as a rule, should not buy condensations, but get the works themselves.

**James Rosscup** - This evangelical work, devotional in character, has been in constant demand for about 280 years. Its insight into human problems is great, but it often does not deal adequately with problems in the text. The one-volume form eliminates the Biblical text and is thus less bulky. It has sold very well. The late Wilbur M. Smith, internationally noted Bible teacher, seminary professor and lover of books, tabbed this "The greatest devotional commentary ever written". Henry was born in a Welch farmhouse, studied law, and became a Presbyterian minister near London. He wrote this commentary in the last 13 years before he died at 52 in 1714. The first of six volumes was published in 1708. **He completed through Acts, and the rest of the New**

**Testament was done by 14 clergymen.** (Ed: Thus James are not the comments of Matthew Henry).

  - [Three Examples \(2:19-26\)](#)

#### **JAMIESON, FAUSSET, BROWN**

Published 1871 - Probably best older commentary on prophetic passages as it tends to interpret more literally.

**James Rosscup** - This is a helpful old set of 1863 for laypeople and pastors to have because it usually comments at least to some degree on problems. Though terse, it provides something good on almost any

passage, phrase by phrase and is to some degree critical in nature. It is evangelical....Especially in its multi-volume form this is one of the old evangelical works that offers fairly solid though brief help on many verses. Spurgeon said, "It contains so great a variety of information that if a man had no other exposition he would find himself at no great loss if he possessed this and used it diligently" (Commenting and Commentaries, p. 3). Things have changed greatly since this assessment! It is primarily of help to pastors and lay people looking for quick, though usually somewhat knowledgeable treatments on verses.

**Spurgeon** - A really standard work. We consult it continually, and with growing interest. Mr. Fausset's portion strikes us as being of the highest order.

**John Cereghin** - A conservative exposition. He defends Petrine authorship (xlixff); argues for the deity of Christ (619); holds that assurance in Scripture is doubly sure (622); identifies the elements as "the world's component materials" (627); holds that Paul's Epistles were already known as "Scripture" (628).

**Cyril Barber** - A classic in the field. Published originally in 1871. A **must** for the expository preacher. **Buy it!** (Ed: click it = it's free online) These concise studies faithfully expound the Greek text and provide a solid foundation for a series of message. **Works of this nature are rare and should be obtained and used by every Bible-teaching preacher.** (Bolding added) (The Minister's Library. Volume 1 and 2)

**Spurgeon** comments - "A very useful, scholarly, and readable book."

Well done conservative commentary that interprets Scripture from a literal perspective. #### **RUDOLF STIER - 520 pages, pages are somewhat water stained but very legible**

**Cyril Barber:** First published in English in 1871. This work is of value to preachers as well as laypeople. The former, the method of exposition is at once informative and instructive. To the latter, the method of application is enriching and edifying. . (The Minister's Library. Volume 1)

**Spurgeon** on Stier - No one can be expected to receive all that Stier has to say, but he must be dull indeed who cannot learn much from him. Read with care, he is a great instructor.

## WARREN WIERSBE - Always worth checking for preaching/teaching points.

**Rosscup** - One of America's most appreciated staunchly evangelical Bible conference teachers gives diligent, refreshing expositions. These are all of his 23 separate, earlier books in the "Be" series on the New Testament. He strikes a particular appeal with lay people as he crystallizes sections, deals with some of the verses, handles certain problems and backgrounds and applies principles. He is premillennial.

**Cyril Barber** - Together these volumes treat the gospel of Luke. Wiersbe, who is a pastor's pastor, outlines and expounds the text with exemplary skill. These books are ideal for individual or group Bible study.

**Cyril Barber** - This is a book (referring to Wiersbe's Expository Outlines) of exceptional merit. Pastors, missionaries, and Christian workers will profit from its use. Wiersbe introduces each book of the NT, provides an outline, and then furnishes his readers with a chapter-by-chapter discussion of the contents. The homiletic style is a "plus." Recommended.
