**BOOKS AVAILABLE**  
**TO BORROW OR READ**

**Explanation** - The following list includes not only commentaries but other Christian works by well known evangelical writers. Most of the resources below are newer works (written after 1970) which previously were available only for purchase in book form or in a Bible computer program. The resources are made freely available by archive.org but have several caveats - (1) they do not allow copy and paste, (2) they can only be checked out for one hour (but can be checked out immediately when your hour expires giving you time to read or take notes on a lengthy section) and (3) they require creating an account which allows you to check out the books free of charge. To set up an account click [archive.org](https://archive.org) and then click the picture of the person in right upper corner and enter email and a password. That's all you have to do. Then you can read these more modern resources free of charge! I have read or used many of these resources but not all of them so ultimately you will need to be a Berean (Acts 17:11+) as you use them. I have also selected works that are conservative and Biblically sound. If you find one that you think does not meet those criteria please send an email at <https://www.preceptaustin.org/contact>. The resources are listed in alphabetical order by the author's last name and some include reviews of the particular resource.

[The book of Proverbs](#) by Waltke, Bruce

Cyril Barber - Within these covers readers are treated to an exposition that lays bare a lifetime of scholarship. Waltke elucidates the structure, authorship, and theology of the book of Proverbs, giving prominence to the contribution of exegesis to exposition. He then carefully applies the teaching of each verse and section to the life of the believer. **This is a work that Bible students will treasure!**

[The wisdom of Proverbs, Job, and Ecclesiastes : an introduction to wisdom literature](#) by Kidner, Derek (1985) 180 pages [70 ratings](#)

James Rosscup - An introduction to wisdom writings, touching on themes, and treating readers to recent thought on wisdom literature. He looks at the biblical material alongside apocryphal wisdom sources and parallels in ancient Near Eastern works. He often helps on proverbs that seem to clash, and has insights on how to view the ones that generalize and do not work in some cases. Chapters of this evangelical effort deal with Old Testament wisdom literature, Proverbs, Job, Ecclesiastes, recent thought and evaluation of higher critical studies, and the correlation of Proverbs, Job and Ecclesiastes in certain ways. Three appendices treat each Old Testament wisdom writing in relation to Near Eastern works. Kidner also shows comparisons and differences between Ecclesiasticus, Wisdom of Solomon and the Old Testament books. Cf. Bullock under Job for another outstanding study of the Old Testament poetic literature.

[Proverbs : Learning to Live Wisely : 10 studies for individuals or groups](#) by Mouser, William

Cyril Barber - "Here is a highly recommended book-a gold-miner's manual for all who want to become spiritually wealthy" (Roy B. Zuck).

James Rosscup - A fairly lucid book that can prime the thought and set it running in productive paths as one prepares a message, or as any Christian seeks help from wise counsel.

[Proverbs, Ecclesiastes, Song of songs](#) by Garrett, Duane

[Proverbs](#) by Garrett, Duane - Briefer than above, but with hints for preaching and teaching

Cyril Barber - Works on the Bible's wisdom literature is growing, and this volume deserves special consideration as an outstanding, detailed exposition of these three canonical books. Conservative in theology and thorough in scope, Garrett interacts with the different approaches to these books, comments on each verse, and treats technical matters in footnotes. The contents is readable and will be particularly apropos to pastors, Bible class teachers, and lay people desiring to study these seldom read portions of God's Word.

James Rosscup - A Professor of OT at Gordon-Conwell Theological Seminary did this evangelical survey. It gives 252 pp. to Prov., 253–345 to Eccles., and 347–432 to the Song. Garrett opts for Solomonic authorship of much in Prov., of Eccles., and of the Song. He sees the Song as fitting the last of 7 views he surveys, that of a love song, not on historical events, the “Solomon” being a poetic symbol for the splendor of the bridegroom (365). This will not commend itself to all as being necessary. He sees Eccles. as teaching readers to realize they are mortals who must put away illusions of self-importance, face death and life firmly, accept with humility their human limitations, rely on God, enjoy life as His gift, and revere Him (278). He explains some proverbs, skips some in generalizing summaries of several. But he brings well-informed perceptions to supply the main ideas, often syntheses, but often as well details on salient points in verses. Overall the work gives frequent and valuable helps, and is usable for scholars, pastoral workers, church teachers, students, and Christians in devotional times.

[Proverbs and Ecclesiastes: introduction and commentary](#) by Jones, Edgar,

[The Practical Wisdom of Proverbs](#) by Goldberg, Louis, Proverbs 1-9

Cyril Barber - Provides a commentary on chapters 1—9 with subsequent chapters devoted to “God and Man,” “The Believer and His Emotions,” etc. As Joseph M. Stowell points out in his Foreword, “There is a core of common-sense principles that keeps us safe and sane in the challenging enterprise of life itself,” and these principles are explained by Goldberg in his book. Stowell continues, “After studying Proverbs through the lens of this book, your heart will be equipped to live wisely to the glory of God.”

[How to Read Proverbs](#) by Longman, Tremper

[New Bible Commentary](#) - J A Motyer authored Psalms. (1994) [See user reviews](#)

[Proverbs : a Self-study Guide](#) by Jensen, Irving

James Rosscup - (This note is on his commentary not the self-study guide above) In the Everyman’s Bible Commentary series, this is a 116-page simple layman’s help geared to provoke application to life. Several charts and a detailed outline printed at the outset and followed in the sweeping survey help in this. Of course many verses are passed over, but the survey draws many things together in perspective and can be a catalyst used along with more detailed works in preparation to preach or teach or just to enjoy a brief sketch that can refresh.

[Understanding the Old Testament](#) Proverbs, Isaiah, Jeremiah by Scripture Union

[Wycliffe Bible Commentary](#) - Charles Pfeiffer - 1560 pages (1962). Less detailed than the KJV Bible Commentary below.

Harris, R. Laird. “Proverbs,” in Wycliffe Bible Commentary - A competent, well-studied and often contributing treatment by a top Old Testament conservative scholar. One of the best brief commentaries, offering considerable insight.

[Bible Knowledge Commentary - Old Testament](#) - 1608 pages. Dallas Theological Seminary Faculty - Proverbs by Sid Buzzell

James Rosscup - A former teacher at the Dallas Theological Seminary has done this concise, clear, adept work. He shows a fine grasp of Hebrew exegesis and word meaning, use of context where it is pertinent, parallelism, customs, etc. The pastor, other church worker or layperson who uses this for preparation to speak or to live in God’s values will benefit much.

[Wise Words : Family Stories that bring the Proverbs to life](#) by Leithart, Peter J

[The Complete Guide to the Book of Proverbs](#) by Jones, Cody L.

James Rosscup - Jones uses 566 large pp. to compile brief (a paragraph or page) synopses of what selected proverbs convey on dozens of topics. Some themes are: wisdom, kindness, violence, watching the heart, smooth talk, wrongs to shun, drinking from one’s own well, etc. Often, entries reflect on customs (as substances for eye make-up, 6:25b, p. 59). One section gives six popular translations in six parallel cols. (328–545), another prints NT references to Proverbs. An index helps users find topics. As is clear, the work is not a complete guide but a partial one.

[Proverbs and Ecclesiastes: introduction and commentary](#) by Jones, Edgar,

James Rosscup - The Professor of Hebrew and Old Testament at the Northern Congregational College, Manchester, England did this. He feels that some parts of Proverbs linked with Solomon's name may be due to Solomon, but the majority of the material comes from later times (8th to 3rd centuries). In his theorizing Solomon did not write Ecclesiastes; rather more than one teacher in the wisdom school wrote parts of the book, taking the pseudonym of Solomon ca. 250 B. C. Verse by verse this is usually a fair, though quite concise commentary touching on some of the most crucial aspects and based on use of modern critical scholarship on the liberal side. The brevity results in passing over many verses with generalized comments too sparse to be of serious help (cf. Prov. 3:5, 6; 22:6). His lists of sources do not reflect use of evangelical works available when he wrote.

[Queen of Hearts : the Role of Today's Woman. Based on Proverbs 31](#) by Briscoe, Jill

Cyril Barber - Delightful devotional messages. It is hard to imagine anyone's not being blessed by what Mrs. Briscoe relates

**James Rosscup** writes that "Lawson was a Scottish clergyman (1749–1820) who learned exegesis at the University of Edinburgh and later became Professor of Theology there for 33 years as the successor of John Brown. His 890 pages here are not of a critical nature but seek only to explain the verses with simple, practical, judicious comments flavored with pertinent quotes, illustrations or thoughts that suggest illustrations. His definition of the fear of the Lord in [Pr 1:7](#) is choice, and he gives good food for counsel in [Pr 3:5, 6; 4:18; 6:25, 26; 7:6-27; 8:14-32](#) applied to Christ; [Pr 22:6; 26:4, 5; 31:10](#) ff., and many others. This has to rate as one of the most helpful older works in reference to the main task of explaining the English sense of verses, often quite well." #### LANGE'S BIBLE COMMENTARY Otto Zockler (1870)

**Zockler writes:** While other parts of Scripture show us the glory of our high calling, this may instruct in all minuteness of detail how to "walk worthy of it." Elsewhere we learn our completeness in Christ ([Col 2:10](#)); and most justly we glory in our high exaltation as "joint heirs with Christ," etc. ([Ro 8:17](#); [Eph. 2:6](#)). We look into this book, and, as by the aid of the microscope, we see the minuteness of our Christian obligations; that there is not a temper, a look, a word, a movement, the most important action of the day, the smallest relative duty, in which we do not either deface or adorn the image of our Lord, and the profession of His Name."
