WILLIAM BARCLAY 2 THESSALONIANS COMMENTARY

James Rosscup: This is a lucid and well-organized exposition of the epistles with many helpful lists on different facets of truth John can have in mind at different points as on "light" and "darkness" in [1 John 1:5](#). There is stimulating background material and warm application. (Commentaries for Biblical Expositors: An annotated bibliography of selected works).

D Edmond Hiebert - Prints the author's own translation. A series of popular studies whose strong point is word study. Contains good illustrative material. Part of the author's interpretation follows a liberal position. Barclay holds that Christ's descent into Hades gave those who there heard Him a second chance.

Comment: I appreciate Barclay's unique insights on Greek words, but clearly his teaching about a "second chance" is NOT sound doctrine! Be an [Acts 17:11](#) Berean with Barclay. [See discussion of his orthodoxy](#) especially the article "[The Enigmatic William Barclay](#)".

ALBERT BARNES 2 THESSALONIANS COMMENTARY Notes on the New Testament

James Rosscup writes that Barnes "includes 16 volumes on the Old Testament, 11 on the New Testament. The New Testament part of this old work was first published in 1832–1851. Various authors contributed. It is evangelical and amillennial...Often the explanations of verses are very worthwhile." ([Commentaries for Biblical Expositors: An Annotated Bibliography of Selected Works](#))

C H Spurgeon "Albert Barnes is a learned and able divine, but his productions are unequal in value, the gospels are of comparatively little worth, but his other comments are extremely useful for Sunday-school teachers and persons with a narrow range of reading, endowed with enough good sense to discriminate between good and evil....Placed by the side of the great masters, Barnes is a lesser light, but taking his work for what it is and professes to be, no minister can afford to be without it, and this is no small praise for works which were only intended for Sunday-school teachers." WILLIAM BURKITT 2 THESSALONIANS COMMENTARY

Spurgeon - We liked Burkitt better when we were younger. He is, however, a homely and spiritual writer, and his work is good reading for the many. Burkitt is somewhat pithy, and for a modern rather rich and racy, but he is far from deep, and is frequently common-place. I liked him well enough till I had read abler works and grown older. Some books grow upon us as we read and re-read them, but Burkitt does not. Yet so far from depreciating the good man, I should be sorry to have missed his acquaintance, and would bespeak for him your attentive perusal.

JOHN CALVIN 2 THESSALONIANS COMMENTARY

Cyril Barber - The messages were taken down in shorthand and were later translated by a person who signed himself "L.T" Spurgeon highly esteemed these messages, and they are now available again in the same format as that which graced the homes of Puritan laypeople three hundred years ago. Their richness and relevance will amply repay the time spent mastering their contents. This is a worthy reprint, beautifully bound, and printed on fine paper. Recommended

D Edmond Hiebert - Valuable for insights into Reformation day views.

THOMAS CONSTABLE 2 THESSALONIANS COMMENTARY

James Rosscup - A diligently prepared brief work by an evangelical, who explains profitably verse by verse and comments well on many of the difficult passages. He deals with passages about the rapture and "Day of

the Lord” (I Thessalonians 4–5; II Thessalonians 2) in a premillennial, dispensational way. A similar but more detailed effort of this nature is in the commentary by Robert L. Thomas. Constable is quite helpful in giving views, for example in regard to problems in [II Thessalonians 2:1–12](#). He takes the restrainer to be the Holy Spirit.

A C GAEBELEIN - MILLENNIAL

James Rosscup - This dispensationally oriented work is not verse-by-verse, but deals with the exposition on a broader scale, treating blocks of thought within the chapters. Cf. also Arno C. Gaebelin, Gaebelin's Concise Commentary on the Whole Bible (I Volume, Neptune, NJ: Loizeaux, 1985), the Annotated Bible revised. The author was a popular evangelical Bible teacher of the first part of the century, much like H. A. Ironside in his diligent but broad, practical expositions of Bible books. Gaebelin was premillennial and dispensational, and editor for many years of Our Hope Magazine.

JOHN GILL

James Rosscup - Gill (1697–1771), a pastor of England, wrote these which are two-column pages, ca. 900–1,000 pages per volume. Originally they were 9 volumes, folio. He also wrote Body of Divinity, 3 volumes, and several other volumes. His commentary is evangelical, wrestles with texts, is often wordy and not to the point but with worthy things for the patient who follow the ponderous detail and fish out slowly what his interpretation of a text is. He feels the thousand years in Revelation 20 cannot begin until after the conversion of the Jews and the bringing in of the fullness of the Gentiles and destruction of all antiChristian powers (volume 6, p. 1063) but in an amillennial sense of new heavens and new earth coming right after Christ's second advent (1064–65), and the literal thousand years of binding at the same time. He feels the group that gathers against the holy city at the end of the thousand years is the resurrected wicked dead from the four quarters of the earth (i.e. from all the earth, etc. (1067).

Spurgeon - Beyond all controversy, Gill was one of the most able Hebraists of his day, and in other matters no mean proficient...His [ultraism](#) is discarded, but his learning is respected: the world and the church take leave to question his dogmatism, but they both bow before his erudition. Probably no man since Gill's days has at all equalled him in the matter of Rabbinical learning.

He preached in the same church as C. H. Spurgeon over one hundred years earlier. Yet most people today have never heard of John Gill. This is unfortunate, since his works contain priceless gems of information that are found nowhere except in the ancient writings of the Jews.

MATTHEW HENRY

Spurgeon - A Christian man wishing for the cream of expository writers could not make a better purchase. Ministers, as a rule, should not buy condensations, but get the works themselves.

James Rosscup - This evangelical work, devotional in character, has been in constant demand for about 280 years. Its insight into human problems is great, but it often does not deal adequately with problems in the text. The one-volume form eliminates the Biblical text and is thus less bulky. It has sold very well. The late Wilbur M. Smith, internationally noted Bible teacher, seminary professor and lover of books, tabbed this "The greatest devotional commentary ever written". Henry was born in a Welch farmhouse, studied law, and became a Presbyterian minister near London. He wrote this commentary in the last 13 years before he died at 52 in 1714. The first of six volumes was published in 1708. **He completed through Acts, and the rest of the New Testament was done by 14 clergymen.** (Ed: Thus James are not the comments of Matthew Henry).

H A IRONSIDE

John Cereghin - . Popular expositions. He urges the joy of soulwinning (14); stresses the enabling power of God (34); teaches unlimited redemption in Christ (55); emphasizes that only God can qualify men for the

ministry (73); attacks Theosophy, Seventh Day Adventism, Christian Science (103); warns against the "social gospel" (111); holds that the Sermon on the Mount is for all believers (139); warns against evolution (155).

James Rosscup - He is staunchly evangelical, showing good broad surveys based on diligent study, practical turns, even choice illustrations. In prophecy he is premillennial dispensational....Many preachers have found that Ironside works, read along with heavier books on details of exegesis, help them see the sweep of the message and prime their spirits for practical relevance.

JAMIESON, FAUSSET, BROWN

Rosscup - This is a helpful old set of 1863 for laypeople and pastors to have because it usually comments at least to some degree on problems. Though terse, it provides something good on almost any passage, phrase by phrase and is to some degree critical in nature. It is evangelical. There is also a 1-volume edition, briefer at some points (Grand Rapids: Zondervan, 1961). Especially in its multi-volume form this is one of the old evangelical works that offers fairly solid though brief help on many verses. Spurgeon said, "It contains so great a variety of information that if a man had no other exposition he would find himself at no great loss if he possessed this and used it diligently" (Commenting and Commentaries, p. 3). Things have changed greatly since this assessment! It is primarily of help to pastors and lay people looking for quick, though usually somewhat knowledgeable treatments on verses.

Spurgeon - A really standard work. We consult it continually, and with growing interest. Mr. Fausset's portion strikes us as being of the highest order.

My Comment - This is one of the best older (Pre-1800) works on interpretation of prophecy as it tends to interpret the text literally and not allegorically.
